

Cal Spa Parts Overview

Cal Spas is a leading manufacturer of high-quality hot tubs and swim spas. Find all the parts you need for your Cal Spa.

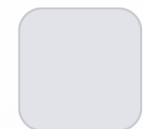

Heater Elements

Heating Efficiency

Cal Spa heater elements are designed to efficiently heat your spa water, ensuring optimal temperature control and energy savings.

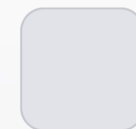

Easy Installation

Cal Spa heater elements are specifically designed for compatibility with your spa model, making installation a breeze.

Durability

Our heater elements are built with high-quality materials for long-lasting performance and resistance to corrosion.

Safety First

Safety is paramount. Our heater elements undergo rigorous testing to meet industry standards and ensure your peace of mind.

Jet Pumps

Powerful Performance

Cal Spa jet pumps deliver a powerful and invigorating massage experience, creating a relaxing and therapeutic environment in your spa.

Quiet Operation

Enjoy a serene spa experience with our jet pumps designed to minimize noise and provide a peaceful ambiance.

Energy Efficiency

Cal Spa jet pumps are engineered for energy efficiency, helping you save on your energy bills and reduce your environmental impact.

Replacement Filters

Type

Description

Cartridge Filters
