CARBON LASER FACIAL ABU DHABI

Carbon Laser Facial Treatment is a skin procedure which involves the application of activated carbon followed by laser therapy..

Also known as “China doll Facial” or “Hollywood peel”, this is a non-surgical skin treatment that uses activated carbon and laser technology to deliver into skin’s surface and help minimize pores, skin issues, eliminate dullness and bring the radiance that you desire. Such a treatment is helpful in the treatment of problems like acne, pigmentation, and aging skin. If you are looking for carbon laser whitening treatment in Abu Dhabi, we are there for you..
