

Top 5 Turmeric Spices Exporters in India

August 12, 2024 by [Trade Pros Digital](#)

India is often called the “land of spices,” and turmeric, or haldi, is one of the most consumed spices. Native to the Indian subcontinent, turmeric has been used for centuries as part of Ayurveda, Siddha medicine, traditional Chinese medicine, and Unani. India dominates the production of turmeric and has a share of more than 62% of the world trade in turmeric. You can find multiple turmeric spices exporters in India

claiming to provide top-grade turmeric. However, it becomes hard to choose the right one. This blog will list the top 5 exporters of turmeric you can choose to trade with. Let's dive in.

1. Trade Pros

[Trade Pros](#) is one of the leading and trustworthy turmeric spices exporters in India globally connected to the international commodity markets. They are renowned for their top-quality turmeric, sourced from the best-producing regions. For years, they have exported the most authentic turmeric powder to countries worldwide. Trad Pros is engaged in ethical practices and has established long-term relationships with buyers and sellers. They are committed to offering the best value to their customers by providing competitive rates on spices. You can visit their website to order turmeric.

2. Kisan Agro

Kisan Agro specializes in manufacturing and exporting a variety of organic food pulses, spices, oil seeds, etc. Since its establishment in 1999, Kisan Agro has devoted itself to exporting organic foods worldwide. Their products are free of chemicals and full of nutrients. They have an in-house processing plant in Gujarat with the latest technology and equipment. All of their processes are GMP-verified and their products are examined under the highest standards of quality control before delivery. As [turmeric](#) spices exporters in India, they export their products to Europe, USA, Middle-East, China, etc.

3. Yuvaraju Agro Impex

Yuvaraju Agro Impex is another well-known turmeric spices exporters in India based in Tamil Nadu. Since 2014, they have been exporting fresh fruits, vegetables, spices, and pulses to the international markets. They take extra care to process their products, ensuring that the nutritional value is not lost in the process. They also take extra care to pack their products to maintain them for a long time. With a commitment to providing the best customer service and top spices, Yuvaraju Agro has earned an unmatched reputation in the Indian subcontinent.

4. Nani Agro Foods

For the last 3 decades, Nani Agro Foods has been one of the top turmeric spices exporters in India. They possess a great infrastructure that focuses on research and development. The journey of Nani Agro Foods began over 50 years ago with a small

unit to process turmeric. Today, the organization has expanded its operations and has an unrivaled network in international markets such as the USA, the UK, Japan, Europe, Australia, and the Middle East. They are one of the largest turmeric processors in the country with a state-of-art production unit spread across 5,00,000 sq. ft. in Erode, Tamil Nadu.

5. Ajy Global Trade

Another prominent name in the list of top turmeric spices exporters in India is Ajy Global Trade. Established in 2021 by Mr. Ajay Singh, it deals in Indian spices, rice, pulses, saffron, etc. Rest assured, you can find the top quality spices, processed and packed with extreme care. Their processing plants are equipped with the latest machinery to produce top-quality products. Their turmeric powder is well known for its authentic flavours and aroma. Visit their website to explore all of their offerings.

Ending Note

These were the top 5 turmeric spices exporters in India you can rely on for the top quality turmeric. Whether you need turmeric for commercial or household use, reach out to these. You can further explore their services and products by visiting their websites or connecting over a phone call.

FAQ's

1. Which turmeric is exported from India?

India is a leading exporter of quality turmeric types, such as Salem, Erode, and Alleppey Finger. These cultivars are highly prized in the international market due to their vivid colour, strong scent, high curcumin concentration, etc. Indian turmeric provides consumers with many alternatives to suit their needs because it is utilized in cuisine, cosmetics, traditional medicine, and more.

2. Who is the largest exporter of turmeric in the world?

Around 80% of the world's turmeric is supplied by India. This makes it a country that exports the most turmeric worldwide. The international market is dominated by Indian turmeric. Indian turmeric is renowned for its consistency & quality. Indian turmeric is a

common ingredient in kitchens, cosmetics, and health goods all around the world because consumers trust it for its purity, rich taste, and deep colour.

3. What is the export duty of turmeric?

India does not presently charge export duties on turmeric. This makes it possible for consumers from other countries to get premium Indian turmeric at affordable costs. The outstanding quality and reasonable price of Indian turmeric make it a great option for bulk purchases, especially for enterprises that do not have to worry about the additional tax associated with exports.
