CHARLOTTE VINTAGE

# About Us

The mid-twentieth century was a time of hope and revitalization, fueled by post-World War II investment and innovation. We're inspired by the pioneering architects and designers who envisioned some of the most diverse and iconic furniture styles in our history. We specialize in modern furniture, lighting and accessories from the 1940s through the 1980s, believing restored clean-lined vintage pieces are equally at ease in modern open spaces and amongst more classic decor.

# OUR STORY

We built Charlotte Vintage from a passion for collecting iconic vintage furniture, lighting and accessories from the mid-twentieth century.

We opened the Charlotte Vintage Warehouse during the summer of 2021 from our personal collection of Midcentury Modern furnishings. Demand drove us to open our first Retail Showroom in March of 2022.
